

Earth Rod to Cable [G - Type] Clamp

DAR [G – Type] Clamps are designed to connect earth rods to stranded copper conductors of varying sizes. These clamps are highly resistant to corrosion and have a strong mechanical structure, ensuring a durable connection.

Max Conductor Size (mm²)

16 - 120 mm²

16 - 70 mm²

Part No.	Rod Size
DAR-GC58	5/8"
DAR-GC34	3/4"
